Giant Mastodon EVERBEARING

MASTODON, perhaps the most widely planted Everbearing variety. Nationally known and has stood all tests by commercial growers. A real fancy Everbearing that you will appreciate and admire. No practical grower can afford to overlook Mastodon Everbearing. Profitable crops have proved it a winner. A crop that you can depend on every year. An acre of Mastodon, 8,000 plants, will put more cash in your pockets than 25 acres of ordinary farming. A real opportunity for any farmer or market gardener to realize a daily income. The quickest profits from the least amount of ground. The Everbearing is a real money maker.

Fruit of the finest flavor, extremely large. The huge size of the berries is truly marvelous. Just like little apples.

Mastodon has a record of 5,520 quarts per acre. Sure an ideal berry. Easy to sell from its appearance alone. A fancy berry in the truest sense of the word. For a quick money crop, plant the Mastodon this spring, just as early as your ground can be worked. Earlier the better. After plants are set out keep off blossoms until July 1st. Then from July 15th you can pick great masses of ripe delicious Strawberries every day till snow flies. Then another big crop in 1944.

SPECIAL 100 GIANT MASTODON and 100 EARLY DUNLAP ONLY \$2.00
MASTODON TRANSPLANTS—Extra Large Choice Plants, 25 for 75c; 50 for \$1.35; 100 Plants \$2.50

1943 New Streamliner Everbearing

Progress marches on in the Strawberry world with a brand new Super-Strain variety. The largest Everbearing on record. Surpasses all. Vines simply loaded with perfect large, round Super-Giant Strawberries. A new Streamliner all the way. Berries solid red, sweet and firm. When you see and taste these huge, luscious berries you will wonder how they can get so large. Truly a Magic Everbearing from July until snow flies this year. Clip the blooms first few weeks so not to weaken the new set plants. Plants still limited. Big, thrifty, robust plants that look different from others. Don't miss out on it. It's a dandy. Take my word for this. TRY IT.

New Gem EVERBEARING

Gem Everbearing has made a fine record for ten years. A moneymaker and a favorite Everbearing for commercial growers. Big profits from Gem. Two crops a year. Pick all summer and fall until snow flies. Ninety days from plants to profits. Three weeks from blossoms to berries. Fruits over 130 days. Why wait a whole year, when Gem will bear luscious fresh Strawberries for home or market this year? Truly a profitable investment. Gem is so easy to grow! Thrives in any soil, any place. Makes plants freely. The berries are large, smooth, firm and ripen a very sparkling scarlet-red all over. Produces enormous sweet and tasty berries that will just melt in your mouth. We list 8 varieties of Everbearing, each one possessing a supernatural power of its own. Each one is different. Don't be late. Order your share at once. GEM plants are tied with black string.

Minn. 1166 EVERBEARING

In the past four years the Minnesota 1166 has outyielded both Mastodon and Gem. The sturdy plants were loaded with Gigantic Strawberries from July until cut down by a general frost. The Everbearing is the hardiest berry grown. After August there are no other berries on the market. In April, 1942, we set 1,200 plants and by November 18th in the same year this record patch made us over \$500.00. Notice photo on front cover. We think Minnesota 1166 is the finest and heaviest producing Everbearing. It was tops with all our customers when TASTE TESTS were made. Berries rich, solid, dark red. No green tips or spots. Giant size with a rich, sweet flavor. Firm and so easy to hull. Very good plant maker. Plants are in big demand because of its outstanding performance. We are planting a large acreage this spring for fruit. This new Everbearing is another of nature's marvels. So, for big dividends on low investments put your idle ground to work for you. Enjoy your own fresh Strawberries with extras to sell. They are delicious, healthful, economical, summertime's most delicious fruit. So easy to grow in any garden. Be plant WISE and order early. Plants tied with blue string.

Junebearing SEEDLINGS

We have been testing this Seedling since 1938 and now have a fair supply of plants to offer our customers. The most outstanding factor is that it ripens with the earliest and bears throughout the Strawberry season. Early, Mid-season and late. Plants very large and sturdy. Berries large, bright red, firm, fine texture and flavor. No more could be asked for any Strawberry. We would like this new Strawberry tried out in every part of the country. To get you to try out this Wonderful ALL SEASON berry we will donate 12 plants with your order of \$5.00 or over, if requested, or will sell at our very low SPECIAL PRICE. Do try it.

New Bush EVERBEARING

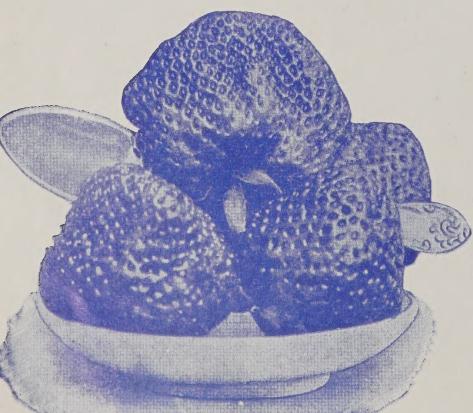

This peculiar Everbearer grows on large bushes 10 inches high, 15 inches across. We counted 15 fruit stems loaded with fruit from one plant. Entirely unlike any other Everbearer. Multiplies its new plants from crowns. Owing to this it is very productive. Berries large as Mastodon. Some specimens larger, but honeysweet. Finest quality. Ripen up even with attractive dark red color. Bears sixty days after set out. A real giant berry. The Wayzata, Rockhill and our BUSH Everbearing are all the same variety. Large new ground plants. Tied with binder twine.

CHAMPION EVERBEARING

Champion Everbearing bears large aromatic flavored Strawberries of deep dark red as sweet as honey. Originated by us in 1914. Holds U. S. record from one acre, \$2,059.20. Picked 5,623 quarts in 129 days same year set. Strawberries from July until snowfall. Our propagating Everbearers are selected and buds kept off each year for next year's planting. By this method we find it improves the variety, and your plants will be bred to produce the heaviest possible yield.

An old timer, but a good one. Try it. Plants are limited.

25 for 75c 50 for \$1.25 100 for \$2.00

WHITE STRAWBERRY

Pure snow-white Strawberry. Berries and plants medium size. Fine flavor, sugar-sweet. When you pick these berries they have no hulls. Quite an attraction to grow and show your friends the only pure snow-white Strawberry grown. Try a few.

OAK HILL'S SPECIAL

This wonderful berry is handsome in appearance, very large, round and smooth. Beautiful rich red color. Grown on long fruit stems, 8 to 10 inches long, thick as a common slate pencil. Plants grow from 12 to 15 inches high. Particularly valuable for the longest season Strawberry known. Ripens in June.

It bears large quantities of the choicest Strawberries for six weeks. Large as a small peach, with Nature at her best. Extra sweet with two big bites to each berry. They sure are giants, both plant and berries. Hand cleaned plants. Plants tied with purple string.

FROST KING

A real late double duty Strawberry that is Frostproof and bears a full crop every year. This astonishing new variety is especially for the Northern growers where late frosts occur and other varieties fail. We grow this variety extensively for market as it is a tremendous bearer. Beautiful super-large sparkling red Choice Strawberries of the richest flavor. Frost King is the best extra late Strawberry grown. Ripens in July after all other varieties are gone. With no other variety competing, the market is all yours. Frost King will fill the gap between Junebearing and Everbearing. By planting Early Dunlap, any Junebearing and Frost King, with any Everbearing, you will have Strawberries from Decoration Day until Thanksgiving. A real gold mine at Harvest Time. Just a word to the wise, Order EARLY. PLANTS ARE SCARCE. Tied with lavender string.

EARLY SUNRISE

The NEW SUNRISE RED RASPBERRY. Originated by the U. S. Department of Agriculture. They have tested it for six years and have found it outstanding. A money maker for those who want early sales before the Latham comes on. One grower reports it two weeks earlier than Latham. The most importance from the standpoint of the practical growers is the large size, earliest, quality, easy picked, hardiness and resistance to disease. Fruits long season. Berries dark red, non-crumbly, juicy, firm and with a good Raspberry aroma. Be sure that you try this new, rich and tempting red raspberry. Plant SUNRISE for a new Berry SURPRISE.

ALFRED BLACKBERRY

This new Blackberry is a combination of proven hardiness; prolific bearer of super-quality berries 2 1/2 inches long, jet black, juicy, sugar-sweet, without cores. Twice as large as ordinary Blackberries. This is one fruit that will grow anywhere, poor or rich soil. Nearly Everbearing as it fruits so long in the season with enormous crop. Plant generously as they are easy to grow and pick for canning, sauce, jellies, jam or pies. Plants one year old.

RED-HAVEN PEACH

RED HAVEN is the new Flaming Red Peach that took Michigan Peach growers by storm. Originated by Michigan Agricultural Department. The first $\frac{1}{2}$ Bu. sold for \$30.00 at the market. News of this soon traveled fast and far. Fame came over night to this wonder peach. Only 14 trees in the world in 1941 of this World's rarest peach. Propagators got to work fast. 100,000 one year old trees are now available. 3 to 4 ft. trees sold last year at \$1.00 each. Many will ask this price again this year. From all reports this peach is worth its weight in gold. For a peach that is red 10 days before it is soft, and ripens 30 days before Elberta will entirely re-arrange the peach varieties. Peach growers everywhere that have seen Red-Haven were amazed and said they have never seen any peach that would compare with Red-Haven. A yellow freestone peach. Almost fuzzless, hardy, Hale-Haven size. Fruit picked 3 weeks showed no decay. Plant Red-Haven this spring and reap a golden harvest. If you don't you will regret it later. Trees in big demand so place your reservation early at our reasonable prices.

LAWN GRASS

A Lawn Grass that has several distinct advantages as follows: It does not require mowing or sprinkling. A solid carpet in one season. Undoubtedly the most hardy lawn grass for dry conditions. It spreads by means of runners. The creeping bent of the desert. Makes a soft, thick, beautiful green, quick lawn. Creeping dense mat on top of ground and joints every two inches that take root and make another plant, each branching out many more young plants or stolons. Set plants 18 inches apart each way. This will cover the ground in one season. 100 plants is enough for 140 square feet of lawn.

Common Creeping Bent, same price.

| 55c | \$1.00 | \$1.50 |

ROSE SHRUB

Half shrub, half rose. This double Scarlet Wonder is covered all summer with large clusters of brilliant deep red roses. Grows 3-4 feet tall. Makes a beautiful hedge that never dies, as this new hybrid is the hardiest and most dependable all around satisfactory red rose that you can plant. Will bloom this year from June until frost. It is a garden sensation.

35c each 3 for \$1.00

CHEE FORAGE GRASS

New Chee Forage Grass introduced by the South Dakota State College. Brought to the United States from the driest spots of Siberia. It makes excellent hay and can be cut two or three times a season. It is a perennial and will last for years and spread like wildfire from roots. With us, it stayed green all winter. Starts very early in the spring and grows fast. Grows from clump plants only. No seed. Plant in rows 24 inches apart with rows 36 inches apart. You soon will have a solid field. If no longer wanted can be readily plowed under. Grows anywhere. Defies drought or wet weather. I am a great BOOSTER for CHEE GRASS. Try it.

A Field of Chee Grass

GIANT FLOWERING DAHLIAS

FLUFFY GIANT. A super-fine, huge, glistening, fluffy bronze, blooms often 15 inches across. Long, stiff stems. The finest bloomer. A real giant and I mean GIANT. (See No. 2, pictured at left.)

SCARLET FLARE. Rich, glowing red. The most conspicuous of all reds. Long stems. Good bloomer. Give new life to your garden with this real 12-inch giant. A gorgeous beauty. There is none more lovely than this Dahlia. (See No. 7.)

BEACON LIGHT. A succession of monstrous size flowers from early until late. Size 10 inches. Long stems. Bright scarlet, reverse buff with two-toned effect. Looks like a giant red from the distance. One of the most extraordinary varieties in cultivation, flowering early and continuously until frost. Do not fail to grow Dahlias this year. The easiest and the most attractive flower to grow. (See No. 8.)

LAVENDER GIANT. Size 10 by 3 inches. Lavender of finest form, on long, stiff stems. Perfect blooms and lots of them from August until frost. Our favorite Dahlia. The daintiest Dahlia of all. (See No. 9.)

WM. H. HOGAN. The best red and white striped Dahlia that we ever saw. If you like an odd as well as a beautiful Dahlia here is one that will be hard to beat. Each bloom is a bouquet. About 10 inches. Long stems. Free blooming.

Any Above 25c Each

3 for 70c

1 Root Free to Try Out. One of Each, 6 in All, for \$1.00

NEW GIANT DAHLIAS

RED STAR. The showiest, most attractive Dahlia grown at our nursery. A Dahlia when once seen everybody wants. Red Star is something unusual and different. The most brilliant shade of bright red resembling a beautiful poinsettia. A real thrifty, bushy grower. Will not blow over. Found 55 blooms with 154 buds on one bush at a time.

OAK HILL MONSTER. One of the greatest Dahlias we have ever grown. Rich, 12 to 15 inches of fiery red bloom. Lots of them at one time. One of our best bloomers. Your friends will want to know where you got this one when they see it blooming. A real garden treasure.

HEDGE DAHLIA. The oddest, most beautiful bright fiery red Dahlia we have ever grown. Foliage entirely different—of lacy appearance. Plants look like a trimmed hedge, with many blooms. Blooms never outside of foliage. Very odd and different.

FIRE BALL. You can see this one for miles.

VELVET WONDER. Show this one to your friends and see their eyes light up and say, "GEE WHIZZ, that's a dandy."

FOREST FIRE. A Striking Beauty. One of the most outstanding variegated Dahlias to date.

Any Above 30c Each

1943 BEAUTIES

SUPER GIANT. If you like them large, here is the largest Dahlia we know of. Magnificent Bright Yellow Giant. (See No. 6, pictured at top, left.)

PEACH GIANT. Perfect Peach Color. A Glorious New, Huge Dahlia that will bloom abundantly this year. A winner. (See No. 1.)

PERFECT BEAUTY. Peony-flowered red and white Dahlia. Very striking appearance. A Giant Bi-Color Bloomer.

WHITE GLORY. A show room Champion. Your Neighbor will envy you when WHITE GLORY springs into bloom. Pure White. (See No. 10.)

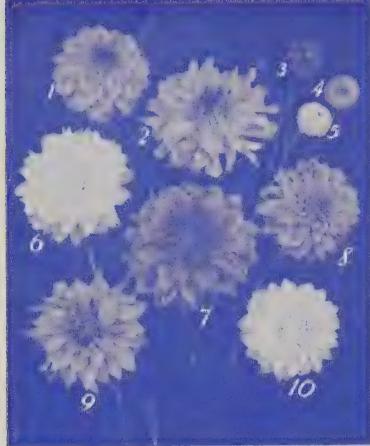

A Real Buy, 35c Each

4 for \$1.25

DON'T condemn a small tuber. They make the largest flowers. Large tubers no good. Cut off two-thirds of it. Plant will feed on tuber instead of making its own roots.

DON'T plant too early. Lay tuber flat, 6 inches deep. Cover with 2 inches of earth, filling in as plant develops. Stake plants.

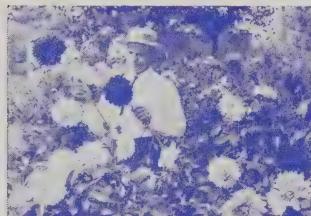

For cut worms—One moth ball one inch away from each plant will repel them or use Wood Ashes.

MIXED DAHLIAS

Dahlias are the easiest and most popular summer and autumn flower grown. Our mixed color Dahlias are a wonderful combination of tints and colors. They are simply gorgeous. You must see them to fully appreciate them. We grow a lot of Dahlias for our flower trade. This is a miracle value, our price is so unbelievably low.

NEW BURBANK TOMATO

THE BURBANK is one of LUTHER BURBANK'S marvelous new creations. For over fourteen years it has been by far our earliest and best Tomato. Others seem to come and go. Tomatoes top the list as No. 1 U. S. vegetable. Tomatoes help to maintain national health. Just think of it! Burbank seeds planted in open ground will bear fruit earlier than plants from a hotbed. Fruit ripens a week to ten days earlier than any other extra early Tomato known. Ripens up perfectly without crack, spot or blemish. Color bright red and smooth. A continuous bearer throughout the season. A firm, large Tomato of superior quality. Fruit has no open cavities. Slice solid as a beefsteak. Plants resist wilt and other Tomato diseases. Unlike other Tomatoes, the skin peels freely from the rich, firm flesh. If you want a real early Tomato, do not fail to plant this wonderful Burbank Tomato. WORLD'S EARLIEST. Packet about 500 seeds; ounce about 7,500 seeds.

AUNT MARY'S SWEET CORN

AUNT MARY. The sweetest corn in the World. Was grown in one family garden for 85 years. This seed was treasured and very carefully guarded from one generation to another. Edible ears for your dinner table for over 30 days. Other varieties get tough in 8 days. Ready for table in 75 days. Make 3 separate plantings. Early, Midsummer and late, it is more profitable. Those who eat this famous corn recognize the superior quality of AUNT MARY as the World's finest.

Just give any food merchant or any private individual half a dozen free for his own dinner, to try.

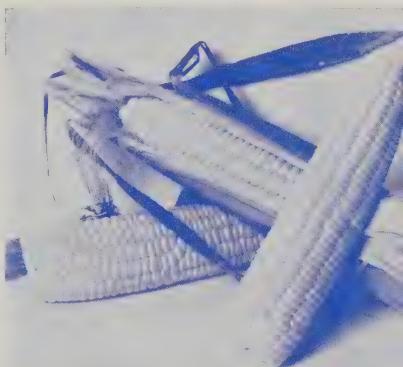

Take our word for this you will be surprised. AUNT MARY will be his favorite topic among his friends. News travels fast.

After that you have a GOLD MINE Market in your locality. Be the First. No competition. You maintain your market. A Luxury Crop at a Luxury price, 25c to 35c per dozen. Any Sweet Corn lover will willingly pay.

Be the only alert grower of Aunt Mary in your community. One Customer reports that he bought 1 pound of Aunt Mary Sweet Corn at 35c and sold over \$16.00 worth of sweet corn to a grocery store. Also enough for his own use. We challenge the world for any variety, bar none, to be any sweeter, size of ears or sturdier in growth. Stalks grow large with two extra large ears with kernels of shiny pearl-white. Treat your garden to the WORLD'S SWEETEST CORN.

SWEET SIBERIAN WATERMELON

Most folks like a real good watermelon. Well, this one will fill the bill. Extra early 50-day melon from Siberia. Flesh a rich golden yellow. Medium size. The sweetest and most delicious melon that you ever ate. Our Melon customers call them HONEY HEARTS. There is nothing finer than a Golden Harvest of SWEET SIBERIAN with the ground literally covered with Watermelons that everybody loves so well—kids and all.

Pkt. 10c 3 for 25c 7 for 50c 15 for \$1.00 Postpaid

GIANT PODDED PEAS

Try our Giant Podded Peas if you want the heaviest yields and the finest peas ever grown. Huge 5 and 6 inch pods filled with about 8 peas, tender and sugar sweet. Strong, heavy vines, grow about 36 inches high. Plant 3 lbs. for 100 feet row. We never use supports, only sow thickly to hold vines erect. It insures a heavy crop and an easy one to pick. Considered by many superior to the Telephone. Can be planted for either early or late. Giant Green Podded Peas sure are the Jumbo of the Pea family.

EARLY MARVEL PEAS

I've tried out a lot of different varieties of Early Peas. The pick of the lot is EARLY MARVEL. For quality, yield, earliness, or any other point, it's hard to beat. A vigorous grower and most important, the heaviest bearing of all. Bar None. Tender and sweet and of finest quality. Pods 3 inches, filled with about 8 peas. Dwarf, grows 18 inches. Your garden wouldn't be a garden without these Early Peas.

CURRENT OR CHAIN TOMATO

Most interesting fruit. Borne in immense clusters of 23 to 30 Tomatoes. Resemble currants, same size, with thousands on a vine. Very sweet and tasty. Vines real lacy and different from all others.

Pkt. 15c

2 for 25c

DWARF TOMATO

HERE'S A BRAND NEW ONE. It's a DANDY! Extra early. All Tomatoes instead of large vines. Ripens quick. Vines DWARF. Bears extra heavy crops.

Pkt. 15c

2 for 25c Postpaid

NEW SUPER GIANT 9-EAR CORN

This is a new 100-day White Flint Field Corn that is rare and grows to a giant height. A better sight cannot be imagined than walking with your friends through a forest of corn stalks 15 to 20 feet high. Some of the ears were 10 feet from the ground. Had to use a ladder to get them. World's tallest Corn. You must grow this giant Corn to believe it. It is unusual to see three ears to a stalk on common corn. But four, five, six, seven, eight and nine ears to a single stalk is a miracle. Not only that, but you also get the Super Giant height. A real robust grower with four different sets of roots.

One of the greatest Silo or Ensilage corns in the World. Leaves broad, long and wide. Lays clear to the ground. Five times more fodder than ordinary corn.

Also a splendid exhibition variety. Be the first to grow it for your next fair. Plant one kernel in a hill. Sorry we sold out so early last year. The demand will again be great this spring for our new Super Giant 9-Ear Corn. So order early.

LET'S GROW TWICE AS MUCH IN 1943

OUR 26TH ANNUAL CATALOG—1943—During these critical times changes have been made in practically every home in America. As soon as the tiny green blades of grass shoot up from good old Mother Earth this Spring, we will have to plant Mightily to harvest a Victory. As food is so essential, 1943 will be a Banner year for Agriculture. The growing of fruits, vegetables and flowers is your patriotic duty. Use every idle inch of ground. Cut down your food cost and have a surplus by growing your own Victory Garden. Those of you who work inside all day will find in it relief and rest, and will renew your energy for another day. Don't let your ground go to weeds this summer. WEEDS are like JAPS, they want to invade our land. If everybody grows a VICTORY Garden we will chase them back to Japan. We have listed 211 of the very best varieties to choose from. The Plant and Seed situation is very serious this year. Apparently due to the shortage of planting stock last year and labor this year. Less acreage had to be planted. Still the demand is greater than ever. So let the orders ROLL TO OAK HILL. Our NURSERY is as near to you as your MAIL BOX. BUY BY MAIL—You will save Dollars and Dimes, Gas, Tires and Time. Each and every order shall have personal attention.

Yours very truly,

Edw. L. Lubke.

GUARANTEE—All stock is certified hardy Northern grown. Twice Michigan and Indiana State inspected. Free from all diseases. Each shipment bears a copy of our inspection. All stock to arrive in live and perfect growing condition.

All shipments travel at the risk and cost of the purchaser of which we have no control. If your stock comes

Home and New Rock Garden

in a damaged condition have your Express agent or Postmaster sign the damage statement. We will in no case be liable for any greater sum than the amount paid for stock, seeds, plants, bulbs or trees. We sell and will in no way be responsible for the crop. All stock is a living organism and should be handled as such. Weather conditions and planting are beyond our control. March until June is our main shipping season. Fall orders ready in October. Prices same.

All orders are booked subject to loss of crop by frost or other unavoidable causes.

WONDERBLOOM

World's largest bloom. Grows from 5 to 9 feet high. Every branch a long plume head of the most brilliant fiery red blooms. Leaves and stalks and entire plant is red. Easily grown. One seed will grow a plant as shown in photograph, which was 8 feet and 7 inches high. "Gorgeous" is what you will say when you see WONDERBLOOM in full bloom from July until winter, first year from seed.

Pkt. 10c
